77th Year—260

Kennedy Blasts At Selection of U.S. Diplomats

'Peace Corps' Idea Pushed To Get Bright Young Men in Jobs

EN ROUTE WITH KENNEDY (AP)—Sen. John F. Kennedy reiterated Wednesday night his criticism of the way the United States selects its representatives for foreign service and amplified on his proposed "peace corps" of smart young men encouraged to join the diplomatic service.

Kennedy said the young men qualified for such service would "serve their country in this fashion for three years as an alternative."

He emphasized that word "qualified." The "peace corps" would not be an easy alternative to military service, he stressed. The Democratic presidential candidate also declared it would be a volunteer corps.

Speaking at San Francisco's huge Cow Palace to a spillover crowd of 30,000 which screamed its approval in political convention style, Kennedy said that too often American ambassadors in the Congo are hampering U.N. efforts to restore law and order.

"Men who do not even know how to pronounce the name of the chief of state to whom they are accredited—as we have seen two years ago in the case of the ambassador to Ceylon—must match wits with Communist emissaries long trained in the ways of dialects of that nation," Kennedy said.

Businessman Maxwell H. Gluck, nominated by President Eisenhower in 1958 to be ambassador to Ceylon, created a minor congressional furor by acknowledging before a Senate committee that he did not know how to pronounce "Bandaranaike." Solomon Bandaranaike was then Ceylon's prime minister. Gluck's nomination was approved by the Senate and he served a year in Ceylon.

"They can only be countered by Americans equally skilled and equally dedicated—and if I am elected, I ask you to help me find those Americans."

A principal originator of the "peace corps" idea was Lt. Gen. James M. Gavin, former chief of the Army's Research and Development Command, who retired several years ago and wrote a book blasting administration defense policies.

Kennedy said "the key arm of our foreign policy is our ambassadorial and foreign service." He has made foreign policy a salient feature of his campaign.

Kennedy hopes eastward today in a final burst of frenetic campaigning, starting at Phoenix, Ariz., where he flew late Wednesday night from San Francisco. He'll stop at Albuquerque, N. M., Amarillo and Wichita Falls, Tex., and Oklahoma City, before flying to Washington.

Stolen Auto Returned with Free Overhaul

SANDUSKY, Ohio (AP) — The odds against it were astronomical—but it happened.

Clair Barker, who works at a Ford Motor Co. plant here, reported to police that his car was stolen from the plant parking lot Oct. 24.

The car, a 1954 Chevrolet, was returned to him Wednesday. Here's how it happened:

Dale Sheppard, also employed at the plant, had given the keys to his 1953 Chevrolet—License number YL1799—to Carl Piddock, of Fremont, with instructions for Piddock to overhaul the car.

Piddock mistakenly got into Barker's car—license number YL1798—and drove it away.

Not only did the license number of Sheppard's car and Barker's car differ by only one digit, but the same key fits the ignition systems of both cars.

Wednesday the mistake was discovered. Barker got his car back, with a \$130 overhaul job which didn't cost him a cent.

Americans Win Nobel Prizes in Chemistry, Physics

STOCKHOLM (AP) — Two American scientists — Dr. Willard F. Libby and Dr. Donald A. Glaser — today were awarded the 1960 Nobel prizes in chemistry and physics.

Libby, 51, former member of the U.S. Atomic Energy Commission, was awarded the chemistry prize for devising the "atomic time clock," a method of determining the age of fossils, wood and other organic matter by measuring the amount of radio

They were the 73rd and 74th Americans to win Nobel awards since the annual prizes were first given in 1902. Each will receive a check for \$43,627 from the trust fund left by Alfred Nobel, the inventor of dynamite.

Other Nobel award winners this year are Saint John Perse, French poet and former diplomat, for literature; and Sir Frank MacFarlane Burnet of Australia and Dr. Peter Brian Medawar of Britain for medicine.

The committee announced without explanation last week that the other award—the peace prize—would not be given this year. It is the 17th time this prize has been withheld.

A native of Grand Valley, Colo., Libby intended to become a mining engineer until he entered the University of California and switched to chemistry. He received his Ph.D. there in 1933.

A strongwilled individual, he is known among his associates for an intuitive approach that enables him to guess correct answers before an experiment even begins.

Libby remained on the California faculty until 1941, when he took a leave to join the secret Manhattan Project that developed the first atom bomb. He worked at Columbia University on the job of separating by diffusion the fissile isotopes of uranium 235 from the other uranium isotopes.

In 1945 he joined the University of Chicago's Institute of Nuclear Studies.

During his first term on the AEC advisory committee, from 1950 to 1954, Libby sided with Dr. Edward Teller in opposing delay in developing the hydrogen bomb and was one of the discoverers of natural tritium, an element of the H bomb.

One of the results, he added, was that "the chaotic administrative and economic situation reached the verge of collapse" before the U.N. Command stepped in firmly and took a more active hand.

Hammarkjold's report comes in the wake of mounting Soviet demands that he say what the United Nations is doing to suppress what the Soviets call "the subversive activities of Belgian agents" in the Congo.

The Indian head of the U.N. mission in the Congo, Rajeshwar Dayal, headed here from Leopoldville to report on the mounting obstacles in the path of the United Nations' Congo operation.

Dayal is expected to tell Hammarkjold that Congo President Joseph Kasavubu and the Congolese army chief, Col. Joseph Mobutu, both oppose the plan of Hammarkjold's advisory committee to send an Asian-African conciliation mission to the Congo to try to bring together the warring political factions.

Kasavubu and Mobutu reportedly have made plain they would regard such a mission as meddling in Congo affairs.

The advisory committee will meet Saturday to work out instructions to the conciliation mission which will consist of the 15 Asian and African nations on the 18-member committee.

Toledo Judge Dies, Van Wert Native

TOLEDO, Ohio (AP) — Samuel Y. Young, former municipal, common pleas and appeals court judge died at his home Wednesday.

Young came to Toledo in 1900. He became the first presiding judge in Municipal Court in 1918. In the early 1920s he was named to the court of appeals, serving there until 1928. Later, he was appointed to a vacancy on the Lucas County Common Pleas bench.

Judge Young was prominent in the affairs of the Lucas County Democratic organization.

Services will be Saturday with burial in Toledo Memorial Park.

Artist, Poet Plan To Spend Winter in Cave

MEMPHIS, Tenn. (AP)—Artist Harry Kuyper and writer-poet Charles Elmore have bought a cave for \$150 and plan to turn hermits this winter.

Kuyper, 24, who came here from Cincinnati, plans to spend the cold months painting and sculpting.

Elmore, 22, plans to devote his time to a full-length book.

The pair said they will take about \$50 worth of food with them and expressed the hope they will supplement their diet by shooting game.

U.S. Puts 'Spinning Top' Into Orbit in Ionosphere

GOP HIGH COMMAND PARADES — President Eisenhower and Vice President Richard Nixon greet a large crowd through a confetti and paper parade up Broadway (top) and then join Henry Cabot Lodge (bottom) for a joint appearance in Herald Square. The "summit" GOP team lambasted the Democrats and forecast a Republican victory.

Safe 'Peeled' at Derby Firm; Store Burglary Try Foiled

The Pickaway County Sheriff's Department today investigated a burglary and safe job at the Ivan Hill Grain Co. in Derby.

Deputy Dwight Radcliff said about \$328 was taken from the safe. He said the door of the vault was "peeled" from its hinges.

In the meantime Deputy Homer Adams investigated an attempted burglary at the J. W. Furnace Store at Jacktown, about seven miles from Derby.

Deputy Adams said the attempted burglary was foiled when Furnace heard a noise outside. The store owner said a couple of intruders trying to force a door fled when he turned on lights.

According to Deputy Radcliff, the grain company entry was

made by forcing a rear window.

Deputy Radcliff said the grain firm was checked at about 4 a.m. today by sheriff's auxiliaries living in the area. Nothing suspicious was seen at that time, he added.

Agents from the London Bureau of Criminal Investigation were called to Derby to assist in the search for clues.

Judges Prods Jury For Finch Verdict

LOS ANGELES (AP) — This is a case on which you can reach a verdict," the judge told the jurors in the second Finch murder trial. "Now go back and resume your deliberations."

The jurors had spent 50 hours pondering the fate of Dr. R. Bernard Finch, 42 and his onetime mistress, red-haired Carole Tregoff, 23, then they returned to court Wednesday to ask several questions.

The defendants are accused of plotting and carrying out the gunshot slaying of the doctor's estranged wife, Barbara Jean, 36, in July of 1959.

Grant B. Cooper, attorney for Finch, told the court that his client took exception to the judge's remark that the jury should be able to agree. The first jury, unable to do so after 37½ hours was dismissed.

The probate judge's office said King, who has moved to Atlanta, is ineligible for absentee voting because he has paid no poll taxes since 1958 and the deadline for payment was last February.

The Negro integration leader had said Tuesday he planned to vote absentee at Montgomery because his move to Atlanta last February was too recent to qualify him to vote in Georgia.

In the school system is contemplated.

Overcrowding at the high school building this year has forced curtailment of junior high programs.

The situation will become more acute as new larger classes, now in elementary school, will begin to move into the high school.

Plans call for a Nicholas Drive elementary building and a 10-room addition to the South Court Street school. Equipment and furnishings also are included in the new bond issue.

Classrooms, in short supply here now, are the only things provided for the new issue. This is a facilities proposal and no change

Gadget Sending Back Data on Mystery Area

CAPE CANAVERAL, Fla. (AP) —

A 90-pound "spinning top" satellite whirled into orbit today to begin the most extensive study ever attempted of the earth's ionosphere.

The satellite, officially designated Explorer VIII, is designed to give scientists a better understanding of the mysterious electrically charged ionospheric layers which reflect radio signals back to earth.

The experiment could lead to improved communications between continents, ships and planes.

It also could open the way for more effective contact with communications satellites like the recently launched Echo and Courier and with future manned space craft.

An official of the National Aeronautics and Space Administration reported the successful orbiting of Explorer VIII gives the United States a commanding edge over the Soviet Union in exploration of the ionosphere.

Robert Bourdeau, head of the ionosphere branch of NASA's Goddard Space Flight Center, said published reports indicate the Soviet Union has been probing the ionosphere with rockets and until today was considered even with this country in data gathered from this sea of electrical particles which extends from 50 miles to about 1,000 miles above the earth's surface.

The experiment could lead to improved communications between continents, ships and planes. It also could open the way for more effective contact with communications satellites like the recently launched Echo and Courier and with future manned space craft.

The satellite, officially designated Explorer VIII, is the 26th earth satellite successfully orbited by the United States in less than three years. The Soviet Union has launched six into orbit.

Officials reported the payload's transmitter was working fine.

Explorer VIII is the 26th earth satellite successfully orbited by the United States in less than three years. The Soviet Union has launched six into orbit.

The satellite spun into a path with an apogee — farthest point from the earth — of 1,450 miles and perigee — closest point — of 215 miles. This is fairly close to the intended orbit of 200 to 1,000 miles. Each pass around the world takes 112 minutes.

Officials reported the payload's transmitter was working fine.

Explorer VIII is the 26th earth satellite successfully orbited by the United States in less than three years. The Soviet Union has launched six into orbit.

Nixon called his day in New York the brightest of the Republican campaign.

"It has started us to a great victory in New York and victory in the nation. Now let's go," he said.

Nixon thus underscored the importance he attaches to Eisenhower's help in the homestretch drive to defeat Kennedy. The Nixon forces are hoping the help will have nationwide impact. But they are especially hopeful the President's great popularity will win for the ticket the richest of all plums—New York's 45 electoral votes.

Nixon's first target today is the eight electoral votes of South Carolina, usually a Democratic stronghold but this year a state the Republicans believe they have a good chance to carry.

Before leaving New York, Nixon cut loose again at Kennedy and his vice presidential running mate, Sen. Lyndon B. Johnson. Nixon said in a statement that Kennedy and Johnson disagree on a multitude of issues.

The vice president said such disagreement was reflected in 264 times on roll call votes in the Senate.

"Together they stand on both sides of almost everything, and so together they stand for nothing," Nixon said. "Their main common denominator is an amateur stand in world affairs."

In his speech Wednesday night, Eisenhower took after Kennedy before an overflow audience of about 10,000 in the Coliseum. With out naming the Democratic nominee, the President said there is "only one individual who is be wailing America's strength."

Kennedy has been contending throughout the campaign that U.S. prestige abroad has deteriorated during the years of the Eisenhower administration.

It is estimated that 28 additional classrooms will have to be built by 1970. This bond issue will provide for 16 of them. No abandonment of old buildings is involved in this bond issue.

Many students who now live in that area have to travel long distances to attend classes. And, an increased population in that area is assured with the construction of many new houses planned.

A majority of affirmative votes is needed for passage of this issue. The issue will cost Circleville City School District voters 1.357 mills, or \$1,357 for each \$1,000 of taxable value.

That means a \$15,000 house probably will be on the tax duplicate for about \$7,500 and additional school taxes would amount to about \$10 a year or \$5 on each tax bill.

It is estimated that 28 additional classrooms will have to be built by 1970. This bond issue will provide for 16 of them. No abandonment of old buildings is involved in this bond issue.

Britain To Cut Forces

"For the next few years the regular army is going to be sorely pressed to meet its commitments because of manpower difficulties. If any major emergency arises overseas it will probably be unable to meet it." This conclusion by the London Times is typical of the pessimism which abounds in Britain concerning the ability of that country to maintain a relatively strong ground army in the years ahead.

Britain has 300,000 men in army uniforms, roughly one-third the number in American armies. Almost half of the British soldiers are conscripts serving a two-year hitch. Conscription has been ordered halted by the government as of December, 1962, and a permanent regular army of 165,000 is contemplated after that date. The regular force will be complemented by a reserve weekend-trained army of 120,000 volunteers.

High employment and rising wages in industry are contributing to a withdrawal of military personnel, and the general feeling of pessimism — not unanimous among the military, however — that Britain will have an army inadequate to meet any overseas threat for some years. This is naturally causing concern in the Pentagon, where the heart of the free world's military strength is located.

United States forces compose the major vsegment of the free world's defenses. This has been so ever since the military build-up during World War II. In NATO, the lion's share of the cost in men and material has been borne by the United States. Thus the news that one of the strongest allies will reduce its regular

ground forces by almost one-half comes as a blow to U. S. commanders who are now trying to stretch their forces over scores of military commitments.

As the time approaches for the British cut-back, there is certain to be renewed debate on the necessity for ground armies at all, except to serve as military technicians in local conflicts. Weapons and concepts of warfare have never changed as dramatically as they have in the last 10 years, and even the weapons used in Korea are obsolete today.

The fighting man of tomorrow, should he be called upon, will not engage the enemy in hand-to-hand combat. Opposing forces will be separated by hundreds of miles, if not by continents.

Except for a strictly localized war, such as could erupt in Berlin or the offshore islands of Formosa, massed attack by rifles, machine guns and mechanized armaments is a tactic of the past. By announcing its intention of equipping and training the reserve forces with nuclear war techniques, the British War Office has left little doubt as to its judgement of future requirements.

Courtin' Main

When success turns a person's head, it ought to twist the neck just a little.

By George Sokolsky

I listened to the four great debates; I heard nothing significant, important, startling, surprising, educating, uplifting. I read the four great debates; my knowledge of the state of affairs in my country was not improved. These debates have been exercises in futile, demonstrative mental vegetation.

Both candidates could do better. Both are educated, knowledgeable men. I feel that they both show disrespect for the intelligence of the American people; otherwise, they would have elevated the quality of their discussion. The repetition of slogans sounds more like Hitler brainwashing the German people than intelligent disputations.

For instance, as the fourth debate was taking place, the gold market of the world was going through a shattering price experience. If the price of gold continues to rise, it might become necessary to devalue the dollar. The peril of such an act could be worldwide. It could devastate the economy of the United States. It could bring on an immediate economic crisis.

Did either candidate discuss this question? No! The reporters who were asking them rather silly questions, did not ask; therefore they did not answer. Ground rules had been set up to make the debates sound stupid. As, for instance, that unbelievably naive question in the fourth debate regarding who is to be appointed Secretary of State.

Why is it naive? First of all, the President conducts the foreign policy of the United States and is the only elected national official, with the Vice President, for the entire country. Secondly, it is neither customary nor politically sound in the United States to name mem-

Desire To Work Aid to Success

Honesty, integrity, attitudes toward work, willingness to accept responsibility, and a foundation in logic were termed prime qualifications for the student who wishes to succeed in a job after high school or college by the panel of speakers at the Logan Elm High School on Tuesday evening.

Planned by the Logan Elm District's Statehouse Conference on Education committee, the question for discussion was, "How can parents and teachers, working together, best prepare the student for the years after high school?"

Making up the panel of speakers were Dr. Paul L. Gardner, assistant supervisor of guidance and testing in the State Department of Education; George Hamrick, Pickaway County Agricultural Extension agent; Ned Harden of Harden Chevrolet, Sterling Poling of Hummel and Plum Insurance and Dr. Richard Heckert head of the local DuPont plant.

Carl Burger, executive head of the Logan Elm District, outlined guidance program and Robert Seward, supervisor in the office of the county superintendent, outlined the guidance program for the county. Seward and Mrs. Sterling Poling, Logan Elm Statehouse Conference chairman, served as moderators.

Dr. Gardner illustrated his remarks by distributing two charts dealing with school and community resources for guidance services for youth and with preparation for a career in guidance. He also assured his audience that if they were confused about a definition of guidance that they shouldn't be concerned because no one else seemed to be very sure about it either.

High Workers

NORFOLK, Va. (AP) — What happens when men up high see a low thief?

On the subject of scholarships all of the speakers agreed that scholarships are available to the student with ability, in any field.

Members of Boy Scout troop 323 assisted with the meeting in collecting questions and taking them to the platform.

How Weather Looks Today

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

Cold, northwesterly winds flowing across Lake Erie resulted in a few light snow flurries over northeastern Ohio during the night. Elsewhere, cloudy and partly cloudy skies prevailed.

Early morning temperatures today were uniform, registering in the upper 30s over most sections. Cleveland had 37, Toledo and Columbus 39, and Cincinnati 38.

The major feature of the morning weather map was a large mound of high pressure centered over the Oklahoma-Kansas area.

As the high moves eastward it will begin to dominate the Ohio weather. Skies will become fair over the west and south today, spreading to the eastern section tonight.

Cooler temperatures were anticipated tonight, with scattered frost over the central and south sections.

GOP Is Irked By Kennedy Medical Film

WASHINGTON (AP) — The Republican national chairman has written a letter to the Democratic national chairman. Tone: Disapproving. Subject: A five minute filmed interview for TV between Democratic presidential candidate John F. Kennedy and a New York, Ky., couple.

Republican Chairman Thruston B. Morton is demanding that showings of the film—on paid political time—be halted. In his letter to Democratic Chairman Henry Jackson, Morton called the film "fraudulent."

The interview was with Mr. and Mrs. John McNamara. He is a retired employee of a Cincinnati type setting company.

Morton made public an affidavit from Dr. L. Howard Schriver of the Ohio Blue Shield medical insurance plan Wednesday. It attests that insurance covered all but \$146.25 of McNamara's \$619.60 hospital and medical expense for an operation following his fall from a ladder.

In the film, Morton said Kennedy says McNamara "incurred a debt of over \$600 to pay his medical bills" and that "whatever savings they may have had would have to be spent to pay for his bills."

Dr. Schriver said McNamara told him Kennedy knew of the insurance prior to the interview and said: "We will not say anything about that now."

However, Pierre Salinger, Kennedy's press spokesman, said: "The arrangements for the film were made by our TV crews and Sen. Kennedy did not have any discussion with McNamara about his personal medical coverage."

High Workers

NORFOLK, Va. (AP) — What happens when men up high see a low thief?

Here they called police — and their voices were heard from the 14th floor of a new building on which they were working. They saw a young boy get into a car parked by a man and drive away. They shouted to police its route which they could see from their vantage point. The car was found abandoned. The boy had disappeared.

Racket Figure Loses Appeal to High Court

COLUMBUS, Ohio (AP) — Warren rackets figure Mike Farah has lost another battle before the Ohio Supreme Court.

The high court Wednesday stood by its earlier refusal to review Farah's assault and battery conviction. Denial of a rehearing on his appeal from lower court decisions left the way open for Farah to carry the case to the U.S. Supreme Court.

Farah's attorneys asked the high court to stay its entry on denial of a rehearing for such an appeal. If Ohio Chief Justice Carl V. Weygandt grants the request for a stay, Farah would have 90 days to appeal to the U.S. Supreme Court. Weygandt indicated he may announce his action on the request today.

Farah drew a \$200 fine and a four month jail sentence for assault and battery following and alteration with Jean P. Blair, election board member and former

loan to Blair. Blair denied there was any loan and blamed the row on a political matter.

Farah's sentence has been delayed pending outcome of court appeals.

GOD'S CHILDREN AT PEACE — Pope John XXIII (left) will be visited in December by the Archbishop of Canterbury, Dr. Geoffrey Fisher (right), the first such meeting since the Protestant Reformation some four centuries ago.

Salem WCTU Has Meet at McAfees

The home of Mrs. Merle McAfee was the setting for the Salem WCTU meeting yesterday.

The session opened with the group singing "White Ribbon Rally".

Members participated in scripture, prayer and meditation. "Not Where You Live but How You Live".

Miss Mary Harpster, president, reported on the WCTU State Convention held in Columbus last week.

Minutes were read by Mrs. Ed Hinton. Bobby McAfee rendered three piano selections. Session closed with benediction.

Refreshments were served to seven members and four guests. Mrs. Paul Hankins, Mrs. Marie Gibson, Mrs. Darl McAfee and Janie. The December meeting will be held in the home of Miss Harpster, Kingston.

This is the Guilds' chief money-making project of the year. Proceeds will be turned over to Berger Hospital.

Guilds participating in the bazaar are Nos. 1, 2, 12, 13, 15, 19, 27, 29, 31, 35, 36, 38, 39, 40 and 41.

CCL Sponsors

Bridge Party at St. Philip's

A large turnout was on hand last night at the Benefit Bridge Party sponsored by the Child Conservation League at St. Philip's Parish House.

Mrs. Richard Moore was general chairman of the event. Mrs. Ned Harden was ticket chairman.

First prize winners were Mrs. William Mehalick, Mrs. Robert Porter, Mrs. Ed Frericks and Mrs. George W. Van Camp.

Mrs. Hiram Hatcher, Mrs. Joseph Noecker, Mrs. A. T. McCoard and Mrs. Thomas Matesky were door prize winners.

Following bridge, guests assembled around the tea table decorated with white chrysanthemums and silver canula. Mrs. James Carr, president, and Mrs. David Yates poured.

Proceeds of the club's money-making projects for this year will be turned over to the Public Health Department to be used for dental care. In past years the club has supported the Lowery Lane Mission.

Assistant hosts for the evening were Mr. and Mrs. Gerald Reynolds and Mr. and Mrs. Arthur Brooks.

Miss Karen Lanman was hon-

ored on her 14th birthday Sunday at a weiner roast and hayride at the home of her parents, Mr. and Mrs. Earl Lanman, Williamsport.

Ashville News Report

By Mrs. Arthur Deal Jr.
Phone YU 3-4117

The annual chicken pie supper cooked and prepared by the ladies of the Ashville Methodist Church will be held Thursday evening in the church. Carry-out orders will be filled from 5 to 5:30 p.m. You are asked to bring your containers for your food.

Serving in the dining room will start at 5:30 p.m. The Youth Fellowships will hold a Bazaar in the Sunday School rooms on first floor.

The Ashville American Legion Post is sponsoring a dance, November 12 in the Ashville School auditorium. Round and square dancing both will be enjoyed to the music of the Rhythmaires from 8:30 to 11:30 p.m. Tickets may be purchased at the door.

The Ashville Women's Civic Club is once again selling pecans. The quality of the pecans this year is the best ever. They are sold in pound packages and may be obtained by calling Mrs. Curtis Cromley, phone YU 3-2071.

The Bass Funeral Home made the following ambulance runs this past week: October 24, took Mrs. Mindy Kewski, Lockbourne Lodge Trailer Court, to Berger Hospital and Saturday, brought Mrs. Josephine Custer from Mt. Carmel Hospital to the home of her son Marvin Custer.

Men of the Ashville Methodist Church and fellow guests are invited to be on hand at 8 a.m. Sunday at the church for the men's breakfast and to hear candidates for State Senator Kline Roberts speak. Candidate Tom O'Shaughnessy was heard at the breakfast on October 23.

At 8 p.m. Saturday the Hedges Chapel Methodist Church Young Adult Monthly Fellowship Class party will be held at the church. All are invited to attend.

NEXT SUNDAY evening the Junior Luther Leaguers of the First English Lutheran Church is to meet at the church for its all Saint's Day Party. Leaguers are to come dressed as a character from Scripture.

All high school students of the First English Lutheran Church are asked to meet at the church at 9 a.m. Saturday and journey to Columbus where they will attend Capital University's Homecoming. Junior and Senior Catechism classes will not meet on this day.

The annual Ashville PTA Carnival held Saturday evening in the school was a success. Winners of the different contests sponsored by the PTA were announced.

Winners of the Pumpkin Carving Contest were as follows: Grades one through four — 1st John Hines; 2nd Keith Donaldson; 3rd Retha Gloyd; and 4th Lisa Stewart. Grades five through eight — 1st Susie Dum and 2nd Karen Gulick.

Winners of the poster contest from grades five and six were: 1st Shirley Thompson; 2nd Cheryl Littler; 3rd Judy Wylie; 4th Jimmy Deal; and 5th Patricia Cook.

The following were winners in the masquerade parade — Prettiest: 1st Connie Morrison; 2nd Pat Scarberry; and 3rd Vicki Devors. Ugliest — 1st Gary Lucas; 2nd — Ricky Scarberry; and 3rd Melvin Sherman. Most Unusual — 1st Bradley Sherman; 2nd Kim Glick; and 3rd Linda Lucas.

Junior High Cheerleaders for the coming year were chosen recently by the high school cheerleaders. They are Donna Barger, Carolyn Noggle, Betty Pritchard, seventh graders; and Terry Trimble and Marsha Cook, eighth graders.

Mr. and Mrs. Dan Boone visited with their son, Pvt. Boyd Boone at Ft. Knox, Ky. this past weekend.

Ghosts, goblins, and witches prevailed over Ashville Thursday evening for the annual Community Club Halloween Parade. A large crowd was on hand to make up the parade and the school auditorium was packed by spectators to witness the judging.

The following persons were winners in their categories: Children under 6 years — Ugliest, 1st Shelly Mason; 2nd Joyce Wall; and 3rd Jimmy Ward; Most Comic 1st Lou Ann Devors; 2nd Sandra Joe Smith; and 3rd Brice Custer: Prettiest, 1st Rachelle Lombardo; 2nd Debbie Heiser; and 3rd Terri Lynn Cline.

Children 6 to 10 years — Ugliest, 1st Jeff Helser; 2nd Ricky Scarberry; and 3rd Gary Rife; Most Comic — 1st Gary McCallister; 2nd Larry Dixon; and 3rd Lee Curry; Prettiest — 1st Jennifer Hicks; 2nd Carol Sherman; and 3rd Juanita Beach.

CHILDREN 11 to 17 years — Ugliest, 1st Nickie Rush; 2nd Donna Lemon; 3rd Bill Fortner; Most Comic — 1st Teressa Cook; 2nd Becky Rocky; 3rd Jim Beatty; Prettiest — 1st Patty Scarberry; 2nd Donna Barger; and 3rd Vicki Pettibone.

Adults — 17 and over — Ugliest, 1st Dick Brown; 2nd Louise Harris; 3rd Marg Hicks; Most Comic — 1st Mabel Foreman; 2nd Mr. and Mrs. Rolland Feathernham; Prettiest — 1st Bonnie Cline; 2nd

Insult to Injury

NOGALES, Ariz. (AP) — Auto dealer Herman Fiori, figures light bulb thieves added insult to injury while raiding his sales lot.

He told police thieves crawled up on the cars to steal the bulbs, scratching several cars in the process.

1,500 in Ohio Ask Medical Aid

COLUMBUS, Ohio (AP) — Some 1,500 aged Ohioans have applied for medical benefits since Oct. 1 under liberalized provisions allowed by new federal legislation.

Tom Weiler, chief of the state Division of Aid for the Aged, said Tuesday that an accurate count will not be available for several weeks but that applications and telephone queries to date indicate a conservative estimate of about 1,500.

Weiler said Ohio is one of 48 of the 50 states not yet participating fully in the new medical care plan. He said the next legislature will have to change Ohio laws to comply with the plan's provisions.

The two provisions which need changes involve aged who meet the present Ohio residence requirement and are willing to grant a lien on real property they own.

School Curriculum Slated for Study

COLUMBUS, Ohio (AP) — The State Board of Education is expected to act Nov. 14 on a recommendation made two years ago by a school curriculum study committee named during the 1957-58 Sputnik scare.

The committee—officially called the Advisory Committee on Curriculum and Teaching—was named by the state board in January 1958 after Russian satellite successes in space in late 1957 created doubts about American education.

Exactly two years ago, the 25-member committee submitted its 58 suggestions to the state board. The first was this:

"That the State Board of Education authorize the State Department of Education to issue, at the earliest possible date, a statement of purposes approved by the state board to guide the over-all development of the total program of education in Ohio."

Dr. E. E. Holt, state superintendent of public instruction, said one of his assistant superintendents, Dr. Harold J. Bowers, worked with others on this recommendation for more than six months in 1958 and 1959, then turned the matter over to the state board for additional study.

Without going into detail, Holt said a statement of purposes apparently is ready for adoption at the Nov. 14 state board meeting. Bowers emphasized that the statement "will be a guide to be adapted to the situation locally, not something to be accepted without regard for local conditions."

As for the other recommendations of the advisory committee—since disbanded—Holt said:

"We haven't referred to the recommendations every time we planned to do something, but we feel that we have a pretty good report card, that we've made considerable progress in the areas of the recommendations."

"And we certainly haven't done it alone. The advisory commit-

tee's work made boards of education, legislators and citizens generally aware of the things that need to be done."

The second Statehouse Conference on Education in January fits in with a recommendation to "encourage . . . community groups . . . to assist in establishing and promoting objectives which will contribute to the development of the total educational program of the local community and the state," Holt said.

A resolution adopted by the state board March 9, 1959 provides for issuing certificates signed by the board president and superintendent of public instruction to students completing courses with four units of English, three of mathematics, three of science, three of social studies and three of foreign language.

Bowers said this fits in with a committee recommendation for strengthening the college preparatory program in Ohio's high schools. He said participation in the last school year was a 57 percent increase over the previous year.

Holt noted that the recommendation "to eliminate high schools that are too small to provide an adequate educational program" certainly has been followed in that since November 1956 there has been a decrease of 285 in the number of districts, including elementary. In the past two years, Holt said, 57 charters have been revoked, three are in process of being revoked and one revocation is being appealed.

Within the Education Department, he added, such things as a research division have come about.

Job Hazard

ST. JOSEPH, Mo. (AP) — A new fireman lasted only three hours on the job. The fellow just couldn't get up the nerve to slide down a fire station pole. He quit.

Bible Brings Arrest Of Hubcap Thief, 19

JACKSONVILLE, Fla. (AP) — A name in a Bible led officers to the home of a youth wanted for stealing hubcaps and hit-and-run driving.

Patrolman G. H. Rothweiler said he spotted a young man taking hubcaps from cars in a parking lot. In trying to escape, the youth's car slammed into another vehicle and a Bible fell to the ground.

The inscription in the front led officers to the home of Dan Wilson, 19.

Ambition Blistered

TOLEDO, Ohio (AP) — A troop of 10 Boy Scouts collected 80 blisters on a 250-mile march from Cincinnati to Toledo. "Before we started we had planned several longer hikes, but I imagine our ambitions may be somewhat curtailed now," said Richard Applegate, scoutmaster of Troop 15, Portsmouth, Ohio.

Chinchillas Worry State

Fayette, Hocking Areas Report Rare Animals

By THE ASSOCIATED PRESS
Wildlife officials were puzzled recently when reports drifted in of chinchillas being found in Fayette County. Five of these imported for-bearers had been reported previous to that time, three adults and two young, from an area south east of Washington Court House.

The first clue has turned up in the little mystery. John R. Hollyfield of Columbus reported that he released 31 "defective" chinchillas a year ago last September in Hocking County.

At that time Hollyfield went out of the chinchilla raising business, pelted off his good animals, and didn't have the heart to kill the culs—those with off-color fur or spots of thin fur. These he released in the vicinity of Old Man's Cave State Park. Hollyfield feels that the chinchillas recovered 45 miles away in Fayette County may be from his planting.

Wildlife officials hesitate to even guess from where the reported chinchillas came, but believe Hollyfield's information important. Other ranchers may be releasing their culs instead of killing them.

Now wildlife men are worried that the fur-bearing animals might be established in Ohio. They think there might be dangers in this sort of thing and they cite that European carp, starlings and English sparrows were released with the best of intentions. They have become pests here, as have gray squirrels and muskrats in Europe.

The division would like to know about anyone releasing the animals.

The chinchillas Hollyfield released were 300 to 400 generations removed from the wild, and his strain came from the Andes Mountains in Chile. He said their food habits are similar to a horse, and he fed his animals timothy hay and commercially prepared pellets. The animals are complete vegetarians, he said.

Peripatetic Wallet

CODY, Wyo. (AP)—Jim Barrus lost his wallet in 1957 while playing in the state basketball tournament at Laramie.

This summer — more than three years later — the wallet turned up on man arrested in California on a vagrancy charge. It was returned.

A week later Barrus lost his wallet again. A couple weeks later it was found along the shore of Jackson Lake in Grand Teton National Park, Wyo.

Lady Bird Johnson Sparks With Colorful Quotations

By JOY MILLER
AP Women's Editor

Midway in a Democratic tea at Hartford, Conn., the other day the hostess approached the microphone to make an announcement.

Expectantly, the 2,000 women crowding the hotel ballroom fell silent.

"Due to the popularity of Mrs. Lyndon B. Johnson," pronounced the hostess, "we've temporarily run out of petit fours."

It was, the guest of honor said later, one of the memorable quotes in her campaign tour.

When it comes to the colorful phrase, the wife of the Democratic candidate for vice president is no slacker herself. In her soft Southern accent, ladylike Lady Bird Johnson has perked up many a graceful little speech in behalf of her husband with such expressions as:

"As busy as a man killing snakes."

"As noisy as a mule in a tin barn."

"The kind of people who'd charge hell with a bucket of water."

The Texas senator's wife, who has done more solo campaigning than the other candidates' help-meets, is an attractive figure on a platform or closeup in a handshake. She is a trim, youthful-looking 47, and usually wears clear bright colors that set off her dark hair and brown eyes. Dimples come and go with her smile.

"I must say I like campaigning," she acknowledges, "but there are not enough hours in the day nor vitality in the body to absorb all that's offered you to absorb."

"So many threads of life come together in a campaign; you meet old school friends again, neighbors you used to know who moved away."

"And I've certainly seen more sunrises than I ever had before."

The sunrise viewing comes from flying to Washington, whenever she's in the vicinity, to spend the night with her daughters. Then she leaves at dawn to pick up the campaign trail. In her absence a cook who's been with the family for 18 years and one of the senator's secretaries looks after the two girls, Lynda Bird, 16, Lucy Baines, 13.

"One of the reasons I'm doing what I am now," Lady Bird Johnson says, "is that not only can I be useful to my husband in a small way, but I can understand his life, his work and its frustrations better."

Her usefulness includes, among

AKRON, Ohio (AP) — A dog's life sometimes can become a tangled mess.

That was the case with "Peppy," Mrs. Mildred Rausche's pet Chihuahua. The tiny dog was missing for several hours Tuesday afternoon and the Portage Lakes woman was frantic. Then she recalled that she had put a bunch of soiled sheets in a laundry basket on her front porch.

Maybe "Peppy" had climbed into the basket and become tangled in the sheets, she thought. She called the City Laundry Co. of Akron this morning. The company hunted through its laundry baskets.

Sure enough, there was "Peppy" in one of the baskets. The dog was a little shaken up by the experience, but otherwise in good condition.

The Monrovia Garden Club will meet Monday evening November 7th at 8 p. m. in the home of Mrs. Lloyd Neff.

The Five Points WCTU will meet Wednesday November 9 at 2 p. m. in the home of Mrs. Harry A. Dick.

Elyria Firm To Move Plant into Tennessee

ELYRIA, Ohio (AP)—After 81 years in Ohio, Troxel Manufacturing Co. has sold its plan and will pack its bicycle saddle business off to Moscow, Tenn., where wages and taxes are lower. No date for the move was given.

The 70,000 - square - foot brick plant was sold Wednesday by Lynns, Inc., of New York, which plans to turn the building into a discount department store. The price was reported by J. N. Rassler, a real estate agent, at \$500,000 to \$1,000,000. Lynns says it will spend another \$250,000 to remodel the plant, located just outside Elyria on U.S. 2.

Kennedy Due In Toledo On Friday

COLUMBUS, Ohio (AP)—Ohio Democratic Headquarters announced today that Sen. John F. Kennedy's sixth and final visit to Ohio will begin at the Toledo express Airport at 1 p.m. Friday.

The Democratic presidential candidate will be met at the airport by Gov. Michael V. DiSalle, Ohio Democratic Chairman William L. Coleman, Rep. Ludlow Ashley and Lucas County Chairman John Kelly.

The headquarters announced that Mrs. Margaret Price, Democratic national committeewoman from Michigan, will accompany Kennedy during the Toledo visit.

Kennedy will drive from the airport to the Lucas County Courthouse for an outdoor rally at 1:45 p.m. He then will return to the New England, arriving about 3:15 p.m., and will fly to Chicago.

The headquarters also announced that James A. Farley will speak in the University of Dayton Fieldhouse in Dayton at 8 p.m. Friday, and that DiSalle will speak at the Pickaway County Fairgrounds in Circleville at 6:30 p.m. Saturday at an ox roast.

Adams County Disabled Votes Are Impounded

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown has election ballots marked by disabled voters in Adams County. Brown said Wednesday the voting was done before a notary whose certificate had not been properly filed. The disabled voters will get new ballots.

Gold is North Dakota's most important mineral resource. It is found in the Black Hills and after more than 50 years of continuous working, the mines still yield millions of dollars in gold each year.

Weekly Food Review

By THE ASSOCIATED PRESS

Those who fancy rib roasts, sirloin steaks and the like should have no "beef" this week about the meat specials at their favorite food store.

Many of the nation's supermarkets and neighborhood groceries are featuring various cuts of beef again this week, reflecting continued heavy supplies. Stores in the Middle Atlantic states, New England and the Middle West are offering rib roast, round roast, sirloin and porterhouse steak, chuck roast, ground beef, rib steak and short ribs.

In recent years beef has replaced pork as this country's most popular meat. U.S. Department of Agriculture statistics show that we ate an average of 65 pounds of beef per person last year. This compares with average consumption of 44 pounds of pork, 5 pounds of veal and 4 of lamb.

Prices vary from section to section, of course, but one chain offers sirloin steak in its New York Metropolitan area outlets at 79 cents a pound, down 16 cents from a year ago, and 10-inch rib roast at 59 or 69 cents a pound (depending on whether you want the regular or "oven ready" style), which is 10 cents less than a year ago. Round roast at 85 cents a pound is up 6 cents, however.

Fryers and leg of lamb are the best buy in other stores and hams are No. 1 in a few places. Fryers are off a little in price this week, lamb about unchanged and pork

IT MAY BE that Janet Parker of New York reflects the feelings of a good many voters around the nation.

How Big Six States Look

Republicans Are Optimistic About Winning in Illinois

Editors Note—This is the fourth in a series of Associated Press stories exploring the political situation in the "Big Six" states—an arena where next Tuesday's presidential election could very well be decided.

By STAN KOVEN
CHICAGO (AP) — Both major parties speak confidently of victory in Illinois in the presidential election Nov. 8. But the Republicans seem a shade more optimistic about winning the state's 27 electoral votes.

Only a month ago, the Democrats would shrug when asked if Sen. John F. Kennedy seemed

likely to win. The Republicans, on the other hand, have been predicting victory for Vice President Richard M. Nixon for at least three months.

It is conceded by both sides that Kennedy will run far ahead of Nixon in Chicago—the heavily Democratic metropolis which casts about half of the state's ballots.

The question is: Will Nixon be able to pile up a margin in normally Republican downstate which will overcome Kennedy's expected big city plurality?

The Roman Catholicism of Kennedy is just one factor with unpredictable implications in Illinois. Another is the bid of Republican Gov. William G. Stratton for an unprecedented third term.

Four years ago, President Dwight D. Eisenhower swamped Adlai E. Stevenson, former Illinois governor, with a plurality of 847,645 votes. The total cast for the two men were 4,399,009.

This year, the best political guess is that no landslide of the Eisenhower proportion is in the wind.

The most prominent statewide poll, conducted by the Chicago Sun-Times, has consistently shown Kennedy to be making inroads in those areas where Democrats switched to Eisenhower four and eight years ago.

Why this confidence on both sides?

Some sample comments:
Republicans: "Nixon started out strong and has kept up. There would have to be some major political accident in the closing days of the campaign to beat him."

Democrats: "Kennedy's crowds have been large and exuberant in Republican territory. I think he has the spark and I think he's caught fire."

Newsmen on the political beat

2 Counterfeitors Get Sentences in Prison

DETROIT (AP) — Two men who federal agents say had \$6,900 in counterfeit bills in their car when arrested June 27—have been sentenced to federal prison.

Joseph D. Walsh, 35, of Detroit, was found guilty by a jury Tuesday and sentenced to seven years for counterfeiting. A Cleveland man, Dale Gunter, 31, pleaded guilty to the same charge earlier and was sentenced to five years.

New Label Is Placed on Business State

Moderate Downturn Is Tag Used by New York City Bankers

By SAM DAWSON

AP Business News Analyst
NEW YORK (AP)—Into the debate as to what the present business situation marches a new term today—moderate downturn.

Its sponsor, the First National City Bank of New York, thinks the argument, now political, over whether the label should be readjustment or recession is unimportant since "the slackening is mild."

Two more official reports from government sources this week merely add to the statistical story that all isn't as it once was.

These are the Department of Commerce ally of inventories—off for the third month in a row, almost entirely at the manufacturers' level; and the Federal Reserve Board survey of installment credit which show that in September as in August the monthly increase in this bulwark of the economy was the lowest for any month since November 1958, when the nation was starting its hop back from the 1957-58 recession. (In those days none questioned the term, although its importance was.)

Even with the slowdown since June, the total of on-the-cuff debt has risen to a record \$42.1 billion. This slowdown has been cited as one explanation for the rise in savings in recent months—both in total figures and as a percentage of personal income after taxes.

The inventory cut of \$200 million in manufacturers' stocks after Labor Day could reflect the continued lag in the placing of new orders, but many see most of the inventory drop as due to the declining value of stocks on hand rather than to a smaller physical volume.

When manufacturers start rebuilding stocks well know that the moderate downturn is definitely over, the experts tell us unchanged and retailers stocks rose \$100 million in the month as merchants got ready for expected fall and Yuletide sales.

Retail sales softened although they had been expected to rise after Labor Day. Housing starts took a big dip. Here, too, optimists had counted on a series of steps to ease credit terms and costs and make more investment funds available to start home building back up again.

Between July and September, industrial production fell 2.5 percent. The slip seems to have continued through October.

But there are many blessings to be counted, too.

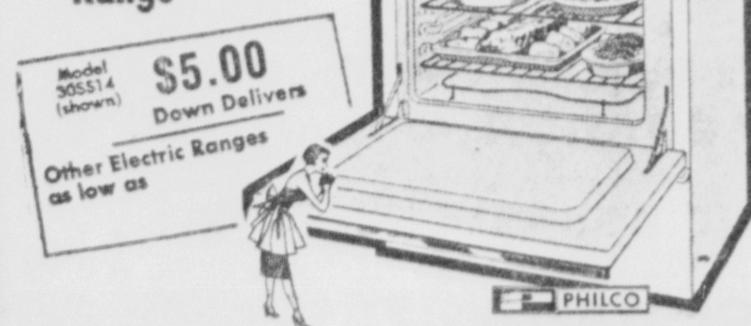

Retail sales are still high by almost any yardstick. Consumer spending has increased for many things not found in stores.

The total of corporate profits in the July-September quarter was over the same 1959 period, although many companies and industries showed declines. Profits in general were off from the second quarter of this year, which in turn was down 12 per cent from the record earnings of the April-June quarter.

Unemployment insurance and pension benefits helped offset the drop in many factory payrolls to keep total personal income high.

New Jersey's first conservation law was enacted in 1955. It provided a bounty for killing predatory wolves.

High Court To Decide Fate Of 2 Tiny Amish Schools

COLUMBUS, Ohio (AP) — The Ohio Supreme Court will decide the fate of two tiny Amish schools near Kenton in Hardin County.

Officials in that county won a round in their efforts to close the two schools when the high court Wednesday agreed to review an appellate court decision which ruled in favor of the Amish.

The appellate court decision in Lima last April 14 denied county officials an injunction to ban operation of schools failing to meet state standards. The decision, which reversed an earlier common pleas court action granting an injunction, said "we find nothing in

ROYAL VISITORS—Here are Sweden's Princesses Burghitta (upper) and Desirée who are visiting the U.S. Nov. 7-17. In addition to New York, they are scheduled to visit Philadelphia, Wilmington, Del., and Chicago.

'HOSTAGES' — Mrs. Rosa Linda Sosa and Carlos Guadarrama leave the Laredo, Tex., police headquarters after telling authorities how ex-convict Curtis Lee Jones, wanted for murder, kidnapped them from the San Antonio, Tex., tavern where they work and forced them to drive him to Laredo. They escaped there, Mrs. Sosa losing her shoes, you'll note.

the statute which makes the operation of these Amish schools unlawful"

The appellate court held further that officials had not shown that 39 Amish parents had conspired to commit a crime by operating their own schools to keep their children from becoming what they termed too worldly.

In their appeal to the high court, Hardin County Prosecutor Paul N. McKinley and special counsel Carllos Faulkner said:

"The main issue involved is whether, and to what extent, the state may regulate, modify and direct the right of a parent to control and direct the education of his children."

McKinley and Faulkner contend that the appellate court erred in refusing to prevent the Amish from operating schools that fail to meet state standards and in refusing "to prevent instruction by qualified teachers."

Ohio has about 4,000 Amish mostly farmers. They have told a legislative study committee that they prefer teachers from their own sect, regardless of whether they lack state certification. The committee is studying the Amish school question for the 1961 legislature.

An attorney for the Amish, Joseph Dush of Willard, said after the appellate court decision that he felt the matter should not be handled by injunction.

Dush became counsel after the death of E. Guy Hammond of Cuyahoga Falls, who served on a voluntary basis when the case went to court late in 1958. The attorneys claim the state has no constitutional right to dictate educational standards to 30 Amish schools in Ohio.

On March 31, 1959, Hardin County Common Pleas Court Judge Arthur D. Tudor ruled the schools, south of Kenton, must close. He restrained Amish parents from keeping their children out of school meeting state standards.

The third district appellate court upset the injunction. Teachers in the one-room Amish schools told the appellate court that science courses were the main obstacle to meeting state standards of instruction because they "teach too far from God."

Veteran Photographer

ERICK, Okla. (AP) — Mrs. Lou Bennett, who started photography as a hobby, may be the state's oldest in the business at the age of 30.

ROTARY SPEAKER — Ralph W. Heckel, Chillicothe, plant manager of the new Johns-Manville plant south of here, was to be the speaker at today's meeting of the Circleville Rotary Club. He started with J.M. in 1945 at Waukegan, Ill. and was planning and scheduling superintendent there when he was transferred to Chillicothe as plant manager. He is married and has three children.

Idle Pay Fund Can't Be Used To Pay Costs

COLUMBUS, Ohio (AP) — Administrative costs of the Bureau of Workmen's Compensation and the Industrial Commission can't be paid with \$3 million from the Workmen's Compensation Fund, the Ohio Supreme Court has ruled.

In a unanimous decision Wednesday, the high court upheld a Franklin County Common Pleas Court decision. The decisions in effect knock out an attempt by the legislature to use money from the insurance fund to pay a third of the \$9 million administrative cost of the two agencies.

Employers were assessed four cents per \$100 of payroll to pay two thirds of the cost. The state had been paying the other third from its general revenue fund. In its appropriations act, the 1959 legislature provided for the fund to reimburse the state.

The court decision came in a suit by Corrugated Container Co. to prevent diversion of insurance fund money.

Judge Myron B. Gessaman of

Public To See Little of Ike In Cleveland

CLEVELAND (AP) — President Eisenhower will be in Cleveland for a four-hour visit Friday, but for less than half of that time will the public have a chance to see him.

On his schedule are two 15-minute helicopter rides between Cleveland Hopkins Airport and Burke Lakefront Airport.

Another hour and a half will be occupied with the President's lunch in private at the Hotel Sheraton-Cleveland.

The 250 policemen assigned to help secret servicemen and direct traffic will be at their busiest from 11:45 a.m., when the president's car starts from Lakefront Airport to Public Square, until 12:40 p.m. when he completes a 15 or 20 minute speech from a platform constructed in front of the Terminal Tower.

After his private luncheon, the President will look in on a lunch of 150 top Ohio Republican leaders and a GOP women's tea. Both of these events will be held in the Hotel Sheraton - Cleveland. At 2:55 p.m., Eisenhower will be on his way back to Burke Lakefront Airport, en route to Pittsburgh.

What the President's trip will accomplish is something that probably will be argued long after the returns of next Tuesday's election are in.

He comes here to urge that his vice president, Richard M. Nixon, be elected to succeed him. And Cuyahoga County, with one-fifth of Ohio's four million voters, is a critical spot in a critical state for the GOP. The Republican Party's problem here is to hold an expected Democratic winning margin low enough so it can be overcome by Republican votes downstate.

In a unanimous decision Wednesday, the high court upheld a Franklin County Common Pleas Court decision. The decisions in effect knock out an attempt by the legislature to use money from the insurance fund to pay a third of the \$9 million administrative cost of the two agencies.

Employers were assessed four cents per \$100 of payroll to pay two thirds of the cost. The state had been paying the other third from its general revenue fund. In its appropriations act, the 1959 legislature provided for the fund to reimburse the state.

The court decision came in a suit by Corrugated Container Co. to prevent diversion of insurance fund money.

Bonding Firms Pay For Embezzlement

BATAVIA, Ohio (AP) — Six bonding companies have paid \$50,000 to cover funds which former Clermont County Treasurer John P. Friend Jr. was convicted of embezzling. Prosecutor Ralph Hill said Wednesday the county also got \$2,000 in interest and that \$2,217 still is due.

Hill said an effort would be made to collect the last \$2,217 from Friend, paroled from prison recently.

Albany, capital of New York, was named in honor of the Duke of York and Albany when New Netherlands was transferred to England. The city was chartered in 1686.

SW Ohio Blue Cross Again Asks Boost

COLUMBUS, Ohio (AP) — The Blue Cross company which serves 15 Southwest Ohio counties, Hospital Care Corp., has said in Franklin County Common Pleas Court that it needs a 28 per cent rate increase.

Judge Henry L. Holden is considering the appeal. The court granted a 19.5 per cent hike in September after State Insurance Supt. Edward A. Stowell said he would not agree to the 28 per cent request.

Walter L. Tarr, attorney for Hospital Care Corp., said in court Tuesday that 5 per cent of the difference is needed to cut the cost difference between ward and semi-private or private rooms by a contract change approved three months ago. The other 3.5 per cent difference is for costs expected from adding 400 hospital beds in Southwest Ohio in the next two years, he said.

But Atty. Gen. Gerard J. Celebrezze, who represented Stowell in court, said of the 5 per cent difference: "You can't charge a whole group for benefits received by only a few," and, he went on, "the superintendent feels the 3.5 per cent 'bed' factor is included in the 19.5 per cent."

U.S. Voters Warned about Final Claims

ST. LOUIS, Mo. (AP)—Charles P. Taft, chairman of the Fair Campaign Practices Committee, warned voters today not to be taken in by last-minute campaign attacks.

"In every election, charges cannot be documented are saved until the last minute," Taft said in an address prepared for a meeting of the United Church Women and the St. Louis Council of Churches.

Taft said some last-minute charges may be legitimate, but those that are not are released "with the cynical knowledge that the facts probably won't catch up with them until after the votes are counted."

He urged voters to regard any new accusation just before election day with honest skepticism and if it's "exciting and strange, make sure it's also real and true."

Hate groups in the campaign, Taft said, have been found to consist almost entirely of fanatics and profit-seeking hatemongers.

With rare exceptions they are not in any organized religious groups and their number is infinitesimal among Protestants, Taft added.

Young Jap Assassin Takes His Own Life

TOKYO, Thursday (AP) — The youthful assassin of Socialist leader Inejiro Asanuma has killed himself, court authorities reported today.

They said Otoya Yamaguchi, 17, took his life by hanging Wednesday night. He was facing prosecution on murder charges that could bring him a maximum of a life sentence.

The Tokyo prosecutor had recommended Wednesday that the assassin be tried in Criminal Court.

FARMERS! ... Support FRANK E. SMITH for CONGRESS

Frank Smith, the owner of a livestock, dairy and grain farm at Minford, Ohio, is fully aware of the farmers' problems, for he is confronted with them every day in the operation of his farm.

He knows that net farm income went down 16% in 1959 . . . that it is expected to go down 7 to 8% more in 1960. To the farmer this means a pay cut of more than 20% in a two year period.

Frank Smith will support parity prices for the farmers' crops and will advocate the establishment of Farmer Advisory Groups to consult with the Department of Agriculture on prices and policy.

Frank Smith is eminently qualified to give the farmer good representation in Congress for he recognizes that the farmers' problem today is how to keep up . . . with less money! He will take steps to restore the 20% pay cut and put the farmer back on an economic level with the rest of the country.

The farmers' problems are Mr. Smith's problems. Here he checks his wheat crop just before combining — examines the tassels on his corn acreage . . . and stops his tractor to discuss cultivation plans with his farm manager, Ed Ernest.

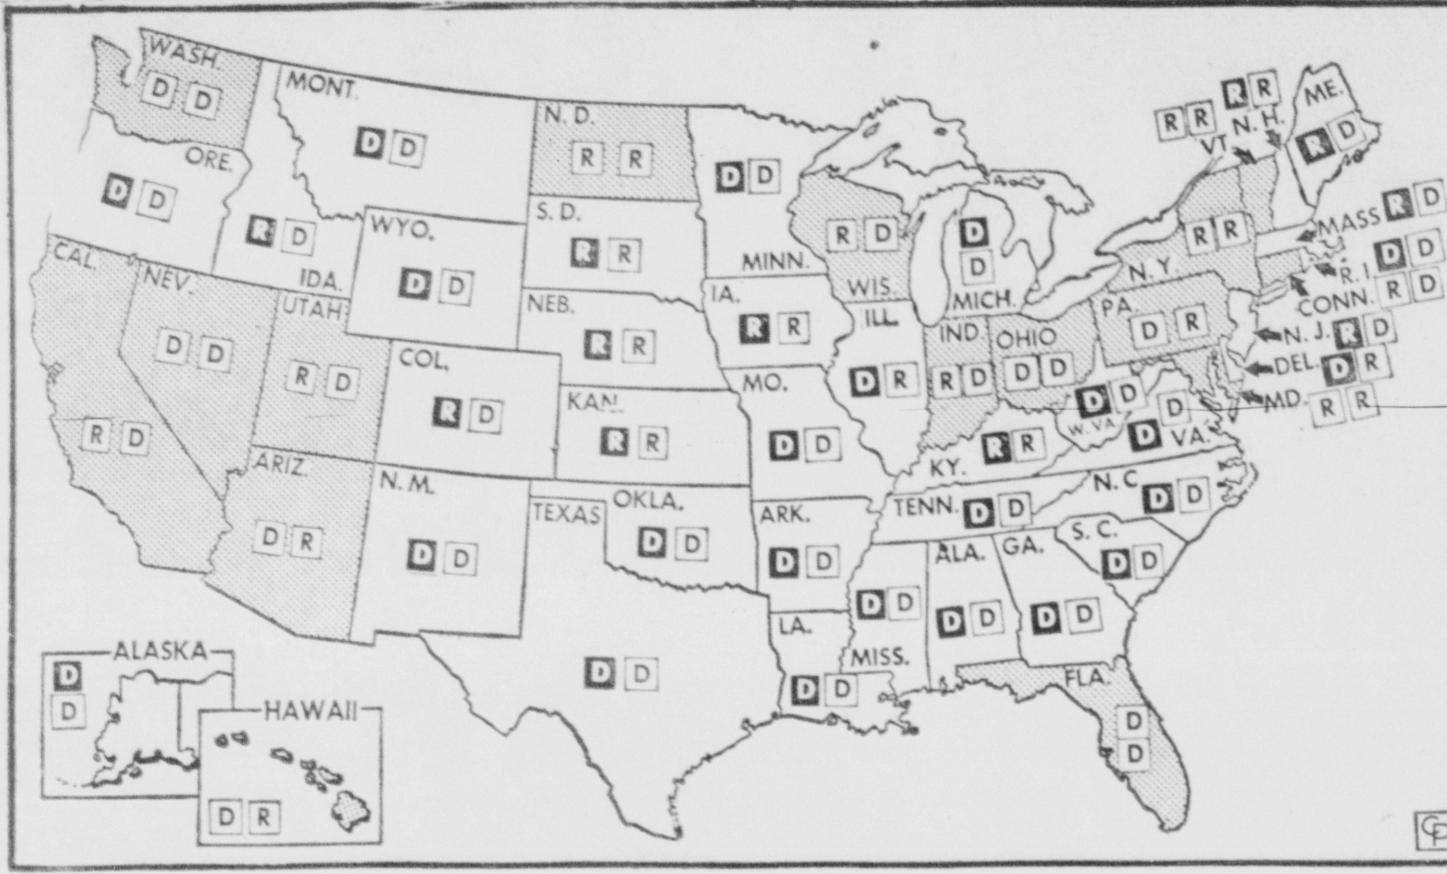

Put Frank Smith's TRAINING and EXPERIENCE to work for you by voting for him on November 8th

1,000 Aged Mental Patients Moved from Clinics to Homes

COLUMBUS, Ohio (AP) — One thousand aged patients have been moved from state hospitals to rest homes since the transfer program began last April.

Dr. Robert A. Haines, director announced the total today in a report to Gov. Michael V. DiSalle.

"I'm very happy about this because many people said it couldn't be done," the governor told newsmen.

He said that possibly 1,500 more of the 4,500 non-psychotic residents of state hospitals who are over age 65 would be transferred under the program. The others may not qualify to leave the 11 institutions, he explained.

Finance Director James H. Ma-

loon said more than 850 of those transferred were placed on aid for the aged rolls to establish eligibility for federal matching funds of \$41.50 each a month.

He said the use of federal funds maintains at about \$120 a month the maximum potential cost to the state of caring for those patients.

He added that the figure compared favorably with the prevailing per capita care cost in the mental institutions.

"In essence," Maloon said in a prepared statement, "the transfer of aged patients to date has provided the state with available space equivalent to a new 1,000 bed institution, the construction of which would cost up to \$15 million with annual operating costs of \$1.8 million."

Haines estimated that transfers have led to a 10 per cent reduction of overcrowding in the hospitals.

An analysis of the program late last month showed Longview Hospital at Cincinnati leading with 152 transfers. Toledo State Hospital was second with 140, Athens third with 110 and Massillon State Hospital fourth with 106. The others ranged from 96 at Cambridge State to 36 at Cleveland State.

HIGH FASHION — Madame Vernier of London put this fuzzy-headed look at the top of her fall hat collection. The big cloche, giving the wearer a look of an English sheep dog, is done in white Tibetan lamb.

Ohio Town Challenges Namesake on Vote Total

GRANVILLE, Ohio (AP) — Citizens of Granville, Ohio, the home of Denison University, have challenged the community of Granville, Mass., to a "get-out-the-vote" contest in the Nov. 8 election. Mayor Arthur W. Fowle said the idea is to help stimulate a heavy vote at the polls. Granville, Ohio, was founded 155 years ago by emigrants of Granville, Mass.

Treasury Aide Resigns

CLEVELAND (AP) — Rudy B. Plent, an inspector of the U.S. Treasury's alcohol and tobacco tax unit here for 25 years, announced his resignation Wednesday.

The largest English-speaking city south of Miami is Kingston, Jamaica. It has a population of 300,000.

Immigrant Girl Loses \$128,396

LONDON (AP) — A German girl who came to England 12 weeks ago found today that \$128,396 had slipped from her fingers before she could get hold of the money.

Diebold Ute thought she had won the money betting in a soccer pool. An official of the pools firm called on her to hand her the check.

But when he found she was only 18 he told her she couldn't have the money. Under British law, no one under 21 is allowed to bet on the pools.

"What can I do?" asked Miss Ute in tears. "In Germany my parents would have been given the money in trust for me. It was the first time I had ever filled in a coupon, and it came out right. And now this."

Miss Ute works as a maid. A policeman friend showed her how to fill in the coupon. The winner has to forecast eight soccer games ending in ties.

Football Game Receipts To Go to Memorial Fund

BOWLING GREEN, Ohio (AP) — The entire gate receipts of this Saturday's game between Bowling Green and Southern Illinois will be donated to a California Polytechnic College memorial fund. Bowling Green officials announced the action Wednesday in behalf of the dependents of the 16 California Poly football players who died in a plane crash Saturday night in Toledo.

Columbus Youth, 19, Is Fatally Stabbed

COLUMBUS, Ohio (AP) — A quarrel at an apartment house resulted in a fatal stabbing Wednesday night, police said. The victim was William Riley Pack 19. Another resident of the house, Donald Poland, 23, was taken into custody for investigation.

Officers said Pack was stabbed in the left chest and died about an hour later despite efforts of

doctors at Grant Hospital to save him. The stabbing instrument was not found, and detectives said they did not know what started the purported argument.

Who Spent The Money?

You will find these facts in the Congressional Record of August 20, 1959 at page A-7210. They are not denied — because they are the TRUTH.

Cost of running the White House during Mr. Truman's last year compared with the last fiscal year of President Eisenhower:

Mr. Truman \$2,467,000.00
Mr. Eisenhower \$5,013,750.00

Do you know that Mr. Truman ran the Executive office cheaper than Mr. Eisenhower? Here are the facts —

Mr. Truman \$ 6,703,000.00
Mr. Eisenhower \$52,736,250.00

President Eisenhower might well investigate the fact that whereas President Truman spent only \$6,703,000.00 on the entire Executive office, which includes the BUDGET BUREAU, the Office of DEFENSE MOBILIZATION, the NATIONAL SECURITY COUNCIL, and the COUNCIL OF ECONOMIC ADVISERS, this cost the Country \$52,736,250.00 last year, AND THE PRESIDENT ASKED THE CONGRESS FOR \$91,880,000.00 FOR THIS YEAR. Another place where President Eisenhower could save money, if he was really interested in saving money and not just trying to make a partisan issue of economy, is in the 99 limousines and heavy sedans which have been assigned to leading officials of this administration. These are the cars they use when they come to Congress to plead for \$40 billion for the defense budget, and for other billions.

At the present time, not only do the President, the Secretaries of the several Departments and members of the joint Chiefs-of-Staff have limousines, but the Pentagon has a total of 37, of which 14 alone are assigned to various Assistant Secretaries.

REMEMBER: It was the Eisenhower Administration that PROMISED economy in government, and complained about Democratic spending. Then how do you account for Mr. Truman running a war (Korea) on a FORTY TWO BILLION DOLLAR BUDGET? President Eisenhower asked for EIGHTY BILLION, got SEVENTY TWO BILLION — and SPENT IT . . . LAST YEAR.

Let's Stop This Spending

Winning, Losing Momentum To Affect Games

Saturday's Results May Be Determined By Undefined Factor

By THE ASSOCIATED PRESS
There's an intangible factor in college football—momentum—that probably is as important as spirit, desire and the others that coaches talk about but can't define.

In simple terms, it means that the winning habit grows and the losing habit becomes hard to break. It could make the difference in about a half dozen of this week's big games that could mean titles and bowl invitations for the winners and oblivion for the losers.

Among these are Missouri-Corralor, Duke-Navy, Tennessee-Gorgia Tech, Rice-Arkansas, Ohio State-Indiana, Baylor-Texas, Utah State-Wyoming and Southern California-Washington.

Obviously this measure can't be applied to two such teams as Iowa, the nation's No. 1, and third-ranked Minnesota, who play in Saturday's headline encounter. They're both rolling along the unbeaten track. If momentum is the main factor, they'll come to a dead halt when they meet.

Navy also is unbeaten, but against Notre Dame last week, Joe Bellino and Co. nearly ran out of steam. Duke has been picking up momentum since its single defeat, winning from North Carolina State, Clemson and the big one from Georgia Tech. That's the kind of situation that could lead to an upset.

Conversely, Tech likely will have trouble getting started again after its loss and could be an easy victim of a Tennessee team that has won five, tied one and keeps looking better weekly as it challenges Mississippi for the Southeastern Conference lead.

Syracuse and Baylor, two others of last week's victims, are in about the same situation. Syracuse, brought to a dead stop by Pitt after limping through five victories, figures to be a somewhat stronger team than Army, but it may have lost the winning habit. Baylor was dropped from the Southwest Conference lead by TCU. Now it meets Texas, which regained winning form against Southern Methodist after losing twice.

Rice, current SWC leader, has won five straight and faces Arkansas, which hasn't yet established a pattern of winning or losing.

Regardless of what happens in the Iowa-Minnesota game, Ohio State finds itself in an enviable position as contender for Big Ten honors and a place in the Rose Bowl. The rugged Buckeyes, jolted by Purdue, moved against Wisconsin and Michigan State the past two weeks and shouldn't slow down when they meet Indiana in a game that doesn't count in the standings.

It's anyone's guess what will happen when Washington and Southern California clash with the Big Five lead at stake. Washington has a 6-1 over-all record and USC 3-3. But the Huskies haven't won impressively, taking their last three by a total margin of four points. USC lost its first three but has been winning by bigger margins.

The Big Eight lead and a possible Orange Bowl berth are up for grabs when Missouri plays Colorado, Utah State and Wyoming battle for first place in the Skyline conference.

Several Veterans Return

Thrilling Season Expected On Eve of Area Cage Battles

King basketball moves into the spotlight starting tomorrow.

The opening week finds three games scheduled Friday and one Saturday. Doing the honors tomorrow will be Monroe at Kingston, Jackson at Clarksburg and county neighbor Centralia at Huntington. Monroe will play its second game in two days Saturday with a non-league engagement at Williamsport.

Four more games are scheduled November 11. Walnut opens its season at Clarksburg; Kingston is at Williamsport; Jackson at Monroe and Southeastern at Centralia. Darby kicks off its season November 12 with a trip to Monroe.

Laurerville, participating in 11-man football for the first time this year, plays its first game November 18 at Southeastern.

LOGAN Elm, Pickaway County's new consolidated school, starts cage war November 23 by entertaining Centralia, Scioto, another county school participating in football, begins its season November 25 at Lancaster BIS.

Amanda-Clearcreek, now billed as a consolidation of Amanda and Stoutsburg schools, opens the season November 26 at Logan Elm following a successful 11-man football program this year.

The last county team to open hardwood warfare is Ashville. The Broncos entertain the Trojans of Darby, December 2.

All schools except those participating in football have started in anxious anticipation of what promises to be an interesting and exciting season.

Most teams in his area have returning lettermen to form a nucleus for possible champions. In the Pickaway County theater of operations, Ashville already is tagged as the "team to beat".

Last year the Broncos won the Pickaway County League, the County Tournament and captured one victory in the Regionals before losing to Salem Local, the eventual Class A State Champion.

GONE from the Ashville roster this season is Bob Hoover, the Broncos' great southpaw center who reached a brilliant peak in his four years at AHS. However several veterans return, including Tom Rathbun who is only a junior.

Darby will be without the capable services of its two ace Tommies — Tommie Walters and Tommie Liff who were considered one of the best guard combinations in this part of the state. Coach Ned Reichelderfer will rebuild with the availability of several able cagers.

A new entry into the league will be Logan Elm, a combination of Saltcreek and Pickaway High Schools. The Braves have a new coach in Keith Merrin and a spacious new gymnasium as they set their sights on the crown.

Williamsport and Coach Glenn Chester will gain new strength through the joining of Williamsport and Atlanta at the Deer Creek school. High scoring David Myers is gone, but Coach Chester has some solid replacements on his roster.

The always glamorous Pickaway County Tournament is billed for February 15-17-22-24. Plenty of thrilling action is promised now and these dates.

Vern Law Awarded Cy Young Trophy

BOSTON (AP) — Vern Law, the tall, calm deacon of the Pittsburgh Pirates, today won the Cy Young Memorial Award as the outstanding pitcher in the major leagues in 1960.

Law polled 8 of the 14 ballots cast by the selection committee of the Baseball Writers Association of America.

Milwaukee's great left-hander, Warren Spahn, the 1957 winner, got four votes and Ernie Borglio and Lindy McDaniel, both of the St. Louis Cardinals, one each. It was the first time in the five-year history of the award that an American League pitcher failed to gain a vote.

The Big Eight lead and a possible Orange Bowl berth are up for grabs when Missouri plays Colorado, Utah State and Wyoming battle for first place in the Skyline conference.

Broncs, Scioto Meet Friday For Grid Tiff

Scioto Twp. and Ashville will clash tomorrow at the Pickaway County Fairgrounds gridiron for the first 11-man football meeting of the two schools in recent history. A rugged contest looms following the 8 p.m. kickoff. Ashville has the role of favorite by way of more experience, but the Baffaloes are expected to be improved with the return to the lineup of Bob Whiteside.

The Broncos, fresh from a 56-12 win over Jonathan Alder last week, hope they can keep their offensive attack going. Scioto will have the same idea in mind.

The contest will mark the end of the grid season for both teams. Their next step will be to prepare for the coming basketball program.

Ohio Fishing Due To Improve

The Circleville Herald, Thur., November 3, 1960 17
Circleville, Ohio

State Says Funny Population Is Up

COLUMBUS, Ohio (AP) — All but those really dedicated to the art of angling have put away their fishing gear for the winter—but those who look forward to next year have grounds for encouragement.

The encouragement comes from reports of the Division of Wildlife which has turned up some evidence of improved fish population for next year.

Dan Armbruster, Wildlife District 3 fish management supervisor at Akron, reported that test netting in Berlin Reservoir has produced 233 walleyes ranging from 7 to 23 inches in length—a catch indicating good population. He said there was evidence also of heavy white bass production in the test nets.

"The daily catch averaged 1,000 8 to 8 inch white bass, good news for Berlin Reservoir anglers who have not had good white bass fishing since 1957," Armbruster said. "Next year these fish should average 8 to 13 inches and provide excellent angling equal to that of the period before 1957."

Large numbers of crappies and some big channel cats up to 22 inches were also taken in the test net. A total of 48 largemouth bass were tagged and returned to the lake.

Test netting was also done in Lake Milton and Deer Creek Reservoir and there were good results.

Similar stories come from other sections of Ohio's fishing areas. At Todd's Fork Creek in Warren County, a good population of small mouth bass was confirmed by fish management men who used a fish shocker to make the check.

PROBATE COURT NOTICE
All interested parties are hereby notified that the following Executor filed her inventory and appraisement in the Probate Court of Pickaway County, Ohio:

No. 2037, Katherine Korn, Executrix of the estate of Ralph Korn deceased.

And that said inventory will be for hearing before this Probate Court on Monday, November 14th, 1960 at 9 o'clock A.M. Except as to said inventory, if any, must be filed herein on or before November 8th, 1960.

Witness my hand and the seal of said Probate Court this 2nd day of November, 1960.

GUY G. CLINE
Judge of the Probate Court

Pickaway County, Ohio

67 Pct. Say Religion Not Vital in Poll

SPRINGFIELD, Ohio (AP)—The applied psychology class of Wittenberg University asked some 400 Springfield residents this question:

"Is the religion of a presidential candidate an important consideration in the 1960 election?"

Dr. George Dudycha's class conducted the poll covering eight different residential sections of the city.

Audiences are accustomed to family set-ups in TV situation comedy, and one way to take advantage of this familiar frame is to make switches within it. For instance, Howard had the idea of making the "mother" role in the show that of the older woman who is the younger lawyer's secretary, and the "kid sister" role, the father's secretary.

"And if the show goes well," he added, "in three years we can have the girl and the young lawyer fall in love and get married and we're set for another run with O'Brien playing a grandfather."

Ike Appears To Fall Short Of KO of Kennedy in Gotham

NEW YORK (AP) — President Eisenhower's tandem campaign with Vice President Richard M. Nixon appeared today to have fallen short of delivering a knock-out punch in the battle for New York's 45 electoral votes.

Eisenhower gave lavish praise to Nixon and his running mate, Henry Cabot Lodge, in a series of city and suburban appearances climaxed in a whistling, howling, stamping rally that overflowed Wednesday night.

But the high expectations of Nixon's supporters that the President would direct withering political fire at Sen. John F. Kennedy were only partly realized.

Without naming him, Eisenhower did criticize Kennedy as one who is "bewailing America's strength" in the military and economic field. Also without naming him, the President fired some shafts at a Kennedy supporter, former President Harry S. Truman.

Eisenhower said that when he came into office in 1953 the United States was at war in Korea. He left out of his nationally televised speech the adjective "senseless" which he had used to describe that conflict in remarks he had prepared in advance.

"We're weak because the government had cut back our speech last week."

LETTER 'SENT' IN FOUR SECONDS — Postmaster General Arthur Summerfield demonstrates in Washington the new Speed Mail device by inserting a letter from himself to President Eisenhower. The letter was sent by facsimile to Chicago and back to Washington, then delivered to the President. Transmission takes four seconds.

Ex-Tiger President DeWitt To Be Reds General Manager

CINCINNATI (AP) — William O. DeWitt, who has bounced around considerably in major league baseball executive ranks, is back in the National League as general manager of the Cincinnati Reds.

He was named Wednesday to succeed Gabe Paul as Reds' general manager. Paul resigned Oct. 25 to become general manager of Houston's new National League club.

On Oct. 19, DeWitt bowed out as president of the Detroit Tigers. This will be his second sojourn in the National League. He was associated with Branch Rickey and the St. Louis Cardinals from 1916 until 1937.

When DeWitt left the Tigers, he accepted a settlement for the remaining two years of his contract. He had rejected an offer to be assistant to the president.

There was no comment from either DeWitt or the Tigers' owners as to whether the 58-year-old DeWitt would be a twopayroll man in 1961—his salary from the Reds and his settlement from the Tigers.

There were reports at Detroit, however, that the Tigers would save about \$20,000 by reason of DeWitt's appointment here.

There also was no word as to the terms of DeWitt's Cincinnati contract. He said they were not of "primary importance."

After leaving the Cardinals in 1937, he helped a group buy the old St. Louis Browns and was vice president and general manager. When the Browns' franchise was transferred to Baltimore, DeWitt went along briefly to help the new owners get organized.

Following that, there was a tour of duty as assistant general manager of the New York Yankees and then a job as coordinator of a committee to administer a \$500,

fund set up by the major leagues to help the minor loops. Next came his association with the Tigers.

Powell Crosley Jr., principal owner of the Reds, announced DeWitt's appointment in a statement sent from Savannah, Ga., where he is recuperating from a mild heart attack.

DeWitt, here for the announcement, declared he already is familiar with some of the young talent in the Cincinnati organization and with some of the present playing personnel.

He expressed gratification at having Fred Hutchinson as Cincinnati manager and disclosed he had talked with Paul about Hutchinson last summer when the Tigers were considering a change in managers.

He said Crosley had assured him "freedom of action" but added that he would consult with Crosley. Crosley said he expected DeWitt to be made a vice president and director of the Red at the club's next board meeting.
